

DIRECTOR OF CENTRAL INTELLIGENCE
Security Committee

17 September 1980

NOTE FOR: Deputy Director of Security

FROM: [REDACTED]
Executive Secretary

SUBJECT: [REDACTED]

1. I have attempted to collect specific examples of
[REDACTED] concern about unrealized ramification of
a [REDACTED]

2. [REDACTED] has located approximately 22 different
forms that can certainly be simplified. He has one company
who provided names of 16 people investigated by CIA shortly
after they were investigated by another agency. [REDACTED] has
the names and is checking it out. The company claimed they had
50 such cases at hand. Jack is asking for names of the other
34.

3. Attached are questions provided by contractors in
connection with the [REDACTED] Industrial Seminar. I have high-
lighted some questions that reflect the type of concern
Harry addresses. You might find them of interest.

4. Harry has agreed to hold off pressing for a memorandum
to the Director pending compilation of these issues. He still
wants a memo, however.
